

IACEA Regional Directors met on Thursday, April 4 and discussed the annual IACEA conference. A special "thank you" was extended to Cindy Stephens, Carol Tharnish, Stan Shover, Louise Free, Natalie Williams, and Bill Ingwersen who staffed the membership booth. Bill was also recognized for having headed the selling of 50/50 tickets for a drawing held on the last day of the conference. Several IACEA Board members and association members sold 50/50 tickets with half of the money going to drawing winners and the other portion going to ACE PAC. ACE PAC helps to raise legislative awareness of adult education in the state of Illinois. Money collected from the 50/50 drawing is used to help accomplish this goal. The Regional Directors also discussed the need to continue to encourage IACEA members to take an active role in association activities including but not limited to volunteering services at the annual conference.

Natalie Williams, the outgoing Vice President for Regions, thanked all of the Junior and Senior Regional Representatives for their commitment to IACEA. Gay Graves, a veteran IACEA Board Member will serve as Vice President of Regions for the next two years.
